Overview

Mr. Yang concentrates his practice in smart transportation supply chain, international merger and acquisition, business entities compliance and international business dispute resolutions. Mr. Yang is also working on our Smart Transportation team on supply chain contract, contract manufacturing, safety, vehicle homologation legal compliance, recalls, and product liability matters. Mr. Yang has extensive experience in international direct investment, joint ventures, manufacture/service outsourcing, international mergers and acquisitions, international tax planning, off-shore structuring, corporate governance, and international dispute resolution. During the pandemic, Mr. Yang together with other bankruptcy attorneys had represented over a dozen of creditors in several bankruptcy cases (both Chapter 7 and Chapter 11). Yang also worked as co-counsel for a Chapter 7 liquidation of an aircraft OEM.
